Directors' report

The Directors present their annual report and audited financial statements for the year ended 31 December 2015.

Principal activity

The Company is engaged in the provision and distribution of information technology (IT) related subscription services.

Business review

Overview

Gartner USA and its direct and indirect subsidiaries together constitute the world's leading IT research and advisory company. The Company provides IT related services and products both within and outside Ireland through its own employees, independent sales agents and affiliated companies in the following business segments:

- **Research** provides objective insight on critical and timely technology and supply chain initiatives for CIOs, other IT professionals, supply chain leaders, technology companies and the investment community through reports, briefings, proprietary tools, access to the Company's analysts, peer networking services, and membership programs that enable the Company's clients to make better decisions about their IT and supply chain investments.
- **Events** provide IT, supply chain, and business professionals the opportunity to attend various symposia, conferences and exhibitions to learn, contribute and network with their peers. From the Company's flagship event Symposium/ITxpo, to Summits focused on specific technologies and industries, to experimental workshop-style Seminars, the Company's events distill the latest Gartner research into applicable insight and advice.
- **Consulting** provides customised solutions to unique client needs through on-site project support, as well as proprietary tools for measuring and improving IT performance with a focus on cost, performance, efficiency, and quality.

Competitive Advantage

The principal competitive factors that differentiate the Company from its competitors are the following:

- **Superior IT Research Content** — The Company has access to the broadest, highest quality and most relevant research coverage of the IT industry.
- **Leading Brand Name** — The Gartner name has been associated with quality IT research and analysis for over 35 years.
- **Global footprint and established customer base** — The Company and its subsidiaries have a global presence with clients in over 90 countries on six continents.
- **Experienced Management Team** — The directors and management team of the Company and its subsidiaries are composed of IT research veterans and experienced industry executives.
- **Substantial Operating Leverage in the Company's Business Model** — The Company has the ability to distribute research and advisory services across multiple platforms, including research publications, consulting engagements, conferences and executive programs, to derive incremental revenues and profitability.
- **Vast network of analysts and consultants** — As of December 31, 2015, GIL had access to over 1,731 research analysts and consultants around the world.

Directors' report *(continued)*

Principal Risks & Uncertainties

The Company and its subsidiary companies operate in a very competitive and rapidly changing environment that involves numerous risks and uncertainties, some of which are beyond the Company's control. In addition, the Company and its clients are affected by global economic conditions. The following list highlights many, but not all, of these risks and uncertainties facing the Company and its subsidiaries:

- The Company's operating results could be negatively impacted by global economic conditions.
- The Company faces significant competition and its failure to compete successfully could materially adversely affect its results of operations, financial condition and cash flow.
- The Company and Gartner USA may not be able to maintain the quality of its existing products and services.
- The Company may not be able to enhance and develop its existing products and services, or introduce the new products and services that are needed to remain competitive.
- Technology is rapidly evolving, and if the Company does not continue to develop new product and service offerings in response to these changes, the Company's business could suffer.
- The Company's revenue depends largely on its renewals of subscription-based services and sales of new subscription-based services, and failure to renew at historical rates or generate new sales of such services could lead to a decrease in its revenues.
- The profitability and success of the Company's conferences, symposia and events could be adversely affected by external factors beyond its control.
- The Company may not be able to retain access to qualified personnel which could jeopardise the quality of its intellectual property and negatively impact its business.
- The Company's sales to governments are subject to appropriations and may be terminated.
- The Company may not be able to maintain the equity in its brand name.
- International operations expose the Company to a variety of risks which could negatively impact its future revenue and growth.
- Natural disasters, terrorist acts, war and other geo-political events could disrupt the Company's business.
- Privacy concerns could damage the Company's reputation and deter current and potential clients from using its products and services or attending its events.
- Internet and critical internal computer system failures, cyber-attacks, or compromises of the Company's systems or security could damage its reputation and harm its business.
- If the Company is unable to enforce and protect its intellectual property rights, its competitive position may be harmed.
- The Company has grown, and may continue to grow, through acquisitions and strategic investments, which could involve substantial risks.

Performance Review

Gross profits for the year of €29,932,000 compared with €28,484,000 for the prior year represent a 5.1% improvement. The Company continues to execute a strategy to grow its research business and improve operating margins.

Operating results for the financial year show an operating profit of €3,961,000 compared to €1,479,000 for the prior year.

Directors' report *(continued)*

In monitoring performance, the directors and management have regard to a range of key performance indicators (KPI's) including the following:

<i>KPI</i>	Performance in 2015	Performance in 2014
Operating profit as a percentage of turnover	0.8%	0.3%
Net operating costs as a percentage of turnover	5%	6%
	€'000	€'000
Cash at bank and in hand	11,897	224
Trade debtors	8,864	11,186
Deferred revenue	33,882	33,775

Financial Instruments

The Company has foreign exchange transaction risk since it typically enters into transactions in the normal course of business that are denominated in foreign currencies that differ from the local functional currency. The Company enters into short-term foreign currency forward exchange contracts to mitigate the economic effects of some of these foreign currency transaction risks.

Results and dividends

Details of the profit for the year are set out in the Profit and loss account on page 9 and in the related notes to the financial statements.

The directors do not recommend the payment of a dividend in the current year, (2014: Nil).

Post balance sheet events

No significant events affecting the Company have occurred since 31 December 2015.

Accounting records

The directors believe that they have complied with the requirements of Section 281 to 285 of the Companies Act 2014 with regard to books of account by employing accounting personnel with appropriate expertise and by providing adequate resources to the financial function.

The books of account were maintained by Gartner's centralised accounting department located in Fort Myers, Florida, USA and at Tamesis, The Glanty, Egham, Surrey, UK.

Relevant Audit Information

The directors believe that they have taken all steps necessary to make themselves aware of any relevant audit information and have established that the Group's statutory auditors are aware of that information. In so far as they are aware, there is no relevant audit information of which the Group's statutory auditors are unaware.

Political contributions

The Company made no political contributions during the year (2014: Nil).

Directors' report *(continued)*

Auditor

In accordance with Section 383(2) of the Companies Act 2014, the auditors, KPMG LLP, Chartered Accountants, continue in office.

Statement of directors' responsibilities in respect of the Directors' Report and the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with FRS 101 Reduced Disclosure Framework.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the Company and of its profit or loss for that year. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the assets, liabilities, financial position and profit or loss of the Company and enable them to ensure that the financial statements comply with the Companies Act 2014. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities. The directors are also responsible for preparing a Directors' Report that complies with the requirements of the Companies Act 2014.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF GARTNER IRELAND LIMITED

We have audited the financial statements ("financial statements") of Gartner Ireland Limited for the year ended 31 December 2015 which comprise the Profit and Loss Account, Balance Sheet, Statement of Other Comprehensive Income, Statement of Changes in Equity and the related notes. The financial reporting framework that has been applied in their preparation is Irish law and FRS 101 Reduced Disclosure Framework applicable in the UK and Republic of Ireland. Our audit was conducted in accordance with International Standards on Auditing (ISAs) (UK & Ireland).

Opinions and conclusions arising from our audit

1 Our opinion on the financial statements is unmodified

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the Company as at 31 December 2015 and of its profit for the year then ended;
- have been properly prepared in accordance with FRS 101 Reduced Disclosure Framework UK and Republic of Ireland; and
- have been properly prepared in accordance with the requirements of the Companies Act 2014.

2 Our conclusions on other matters on which we are required to report by the Companies Act 2014 are set out below

We have obtained all the information and explanations which we consider necessary for the purposes of our audit.

In our opinion the accounting records of the Company were sufficient to permit the financial statements to be readily and properly audited and the financial statements are in agreement with the accounting records.

In our opinion the information given in the Directors' Report is consistent with the financial statements.

3 We have nothing to report in respect of matters on which we are required to report by exception

ISAs (UK & Ireland) require that we report to you if, based on the knowledge we acquired during our audit, we have identified information in the annual report that contains a material inconsistency with either that knowledge or the financial statements, a material misstatement of fact, or that is otherwise misleading.

In addition, the Companies Act 2014 requires us to report to you if, in our opinion, the disclosures of directors' remuneration and transactions required by sections 305 to 312 of the Act are not made.

Basis of our report, responsibilities and restrictions on use

As explained more fully in the Statement of Directors' Responsibilities set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view and otherwise comply with the Companies Act 2014. Our responsibility is to audit and express an opinion on the financial statements in accordance with Irish law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Financial Reporting Council's Ethical Standards for Auditors.

An audit undertaken in accordance with ISAs (UK & Ireland) involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements.

In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the

audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Whilst an audit conducted in accordance with ISAs (UK & Ireland) is designed to provide reasonable assurance of identifying material misstatements or omissions it is not guaranteed to do so. Rather the auditor plans the audit to determine the extent of testing needed to reduce to an appropriately low level the probability that the aggregate of uncorrected and undetected misstatements does not exceed materiality for the financial statements as a whole. This testing requires us to conduct significant audit work on a broad range of assets, liabilities, income and expense as well as devoting significant time of the most experienced members of the audit team, in particular the engagement partner responsible for the audit, to subjective areas of the accounting and reporting.

Our report is made solely to the Company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes

1 Accounting policies

Gartner Ireland Limited (the "Company") is a company incorporated and domiciled in Ireland.

Basis of preparation

These financial statements were prepared in accordance with Financial Reporting Standard 101 *Reduced Disclosure Framework* ("FRS 101") as issued in August 2014. The amendments to FRS 101 (2014/15 Cycle), issued in July 2015 and effective for financial years commencing 1 January 2015, have also been applied.

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ("Adopted IFRSs"), but makes amendments where necessary in order to comply with the Companies Act 2014 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken.

In the transition to FRS 101, the Company has applied IFRS 1 whilst ensuring that its assets and liabilities are measured in compliance with FRS 101.

In these financial statements, the Company has applied the exemptions available under FRS 101 in respect of the following disclosures:

- A Cash Flow Statement and related notes;
- Comparative period reconciliations for share capital and tangible fixed assets;
- Disclosures in respect of transactions with wholly owned subsidiaries; and
- The effects of new but not yet effective IFRSs.
- Disclosures in respect of the compensation of Key Management Personnel

As the consolidated financial statements of Gartner Inc., a corporation organized under the laws of the State of Delaware, United States of America, and the ultimate parent entity of the Company ("Gartner USA"), include the equivalent disclosures, the Company has also taken the exemptions under FRS 101 available in respect of the following disclosures:

- The disclosures required by IFRS 7 *Financial Instrument Disclosures* and IFRS 13 *Fair Value Measurement* regarding financial instrument disclosures have not been provided apart from those which are relevant for the financial instruments which are held at fair value and are not either held as part of trading portfolio or derivatives.

The Company proposes to continue to adopt the reduced disclosure framework of FRS 101 in its next financial statements.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

The financial statements have been prepared in Euro.

Consolidation

The Company is exempt from the requirement to prepare consolidated financial statements prepared in accordance with International Financial Reporting Standards on the basis that it is an indirect wholly owned subsidiary of Gartner USA which prepares and files consolidated financial statements incorporating the results of the Company. Accordingly, these financial statements present information about the Company as a single entity.

Notes (continued)

1 Accounting policies (continued)

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Company's financial statements.

1.1 Measurement convention

The financial statements are prepared on the historical cost basis. Non-current assets and disposal groups held for sale are stated at the lower of previous carrying amount and fair value less costs to sell.

1.2 Going concern

The Company's business activities, together with the factors likely to affect its future development, performance and position, are set out in the business review on pages 2 - 5. After making enquiries, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements.

1.3 Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is charged to the profit and loss account on a straight-line basis over the estimated useful lives of each part of tangible assets. The estimated useful economic lives as follows:

Short leasehold improvements	-	shorter of the lease term and the useful economic life of the assets
Computers	-	3 years
Telephone and office equipment	-	5 years
Furniture & Fixtures	-	8 years

Depreciation methods, useful lives and residual values are reviewed at each balance sheet date.

1.4 Non-derivative financial instruments

Non-derivative financial instruments comprise investments in equity securities, trade and other debtors, cash and cash equivalents, and trade and other creditors.

Trade and other debtors

Trade and other debtors are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses.

Trade and other creditors

Trade and other creditors are recognised initially at fair value. Subsequent to initial recognition they are measured at amortised cost using the effective interest method.

Investments in equity securities

Investments in subsidiaries are carried at cost less impairment.

1.5 Derivative financial instruments

Derivative financial instruments are recognised at fair value. The gain or loss on remeasurement to fair value is recognised immediately in profit or loss. However, where derivatives qualify for hedge accounting, recognition of any resultant gain or loss depends on the nature of the item being hedged.

Notes *(continued)*

1 Accounting policies *(continued)*

1.5 Derivative financial instruments *(continued)*

Forward contracts

The Company has foreign exchange transaction risk, since it typically enters into transactions that are denominated in foreign currencies which differ from the local functional currency. The Company enters into short-term foreign currency forward exchange contracts to mitigate the economic effects of these foreign currency transaction risks. These contracts are accounted for at fair value with realised and unrealised gains and losses recognised in Other Expense, net since the Company does not designate these contracts as hedges for accounting purposes.

1.6 Foreign currencies

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account. The profits and losses of branches denominated in foreign currencies are translated at average rates for the period. Exchange differences resulting from the retranslation of the opening balance sheets of branches denominated in foreign currencies at closing rates, together with the differences on the translation of the income statements, are included in other comprehensive income.

1.7 Leased assets

Operating lease payments are recognised in the profit or loss on a straight line basis over the term of the lease. Lease incentives received are recognised in the profit or loss as an integral part of the total lease expense.

1.8 Employee benefits

Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which the company pays fixed contributions into a separate entity and has no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an expense in the profit and loss account in the periods during which services are rendered by employees.

1.9 Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit or loss except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised.

Notes (continued)

1 Accounting policies (continued)

1.10 Impairment

Financial assets (including trade and other debtors)

A financial asset not carried at fair value through profit or loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. For financial instruments measured at cost less impairment an impairment is calculated as the difference between its carrying amount and the best estimate of the amount that the Company would receive for the asset if it were to be sold at the reporting date. Interest on the impaired asset continues to be recognised through the unwinding of the discount. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

Non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

1.11 Dividends on shares presented within shareholders' funds

Dividends unpaid at the balance sheet date are only recognised as a liability at that date to the extent that they are appropriately authorised and are no longer at the discretion of the Company. Unpaid dividends that do not meet these criteria are disclosed in the notes to the financial statements.

1.12 Turnover

Continuous service revenues are recognised evenly over the contract, generally a twelve month period. The Company's policy is to record, at the time of signing of a continuous service contract, the fees receivable and related deferred revenues for the full amount of the contract billable on that date. Cancellations have not been significant. All contracts are billable at signing, except in certain limited cases when special terms are granted.

Other revenues principally comprise revenues recognised as earned from consulting engagements, publications and other non-continuous services. Revenues from consulting engagements are recognised as work is delivered or services provided and are evaluated on a contract by contract basis, and publication and other non-continuous service revenues are recognised on the date of publication or completion of service.

Notes (continued)

1 Accounting policies (continued)

1.13 Expenses

The Company also records the related commission obligation upon signing of the contract and amortises the corresponding deferred commission expense over the contract year in which the related continuous services revenues are earned and recognised as income.

2 Turnover

Turnover represents the amounts (excluding Value Added Tax and other sales taxes) derived from the provision of goods and services to customers and other group companies.

The Company is exempt from the scope of IFRS 8 and accordingly has not disclosed any segmental information regarding turnover.

3 Interest receivable and similar income

	2015 €'000	2014 €'000
Interest receivable on intercompany loans	11	14
Interest receivable on tax refund	5	-
	<u>16</u>	<u>14</u>

4 Expenses and auditor's remuneration

Profit before tax is stated after charging for the following:

	2015 €'000	2014 €'000
Audit of these financial statements	9	9
Depreciation of owned tangible fixed assets	49	46
Foreign exchange loss	877	442
Rentals payable under operating leases		
- Land and buildings	81	51
	<u>916</u>	<u>548</u>

5 Directors' remuneration and transactions

	2015 €'000	2014 €'000
Directors' remuneration		
Directors' emoluments	228	483
Company contributions to money purchase pension schemes	-	14
Amounts paid to third parties in respect of Directors' services	2	13
	<u>230</u>	<u>510</u>

Notes (continued)

5 Directors' remuneration and transactions (continued)

The aggregate of emoluments and amounts receivable in cash or under long term incentive schemes of the highest paid director was €136,000 (2014: €219,000). Company pension contributions of €NIL (2014: €14,000) were made to a money purchase scheme on behalf of a director. These payments are only made to or on behalf of those Directors who are also employees.

6 Staff numbers and costs

The average number of persons employed by the Company during the year, analysed by category, was as follows:

	2015 Number	2014 Number
Professional	24	19

The aggregate payroll costs of these persons were as follows:

	2015 €'000	2014 €'000
Wages and salaries	3,250	2,478
Social security	343	302
Contributions to defined contribution plan	139	98
	<u>3,732</u>	<u>2,878</u>

Administrative services and support are provided by various group companies.

Certain employees are remunerated with equity awards in the ultimate parent company. The charge during the current and prior years is considered to be immaterial; therefore no further disclosure is necessary for these accounts.

7 Income from other financial fixed assets

	2015 €'000	2014 €'000
Dividend income from shares in other group companies	13,000	6,000
	<u>13,000</u>	<u>6,000</u>

8 Employee benefits

All pension entitlements of staff are met by payments to a group externally funded defined contribution scheme which is vested in independent trustees, nominated for the sole benefit of employees and their dependants.

The total pension cost for the year amounted to €139,217 (2014: €97,721). Contributions due to the defined contribution scheme at 31 December 2015 amounted to €24,197 (2014: €20,275).

Notes (continued)

16 Financial instruments

Fair values of financial instruments

IFRS 7 and IFRS 13 provides a framework for the measurement of fair value and a valuation hierarchy based upon the transparency of inputs used in the valuation of assets and liabilities. Classification within the hierarchy is based upon the lowest level of input that is significant to the resulting fair value measurement. The table below analyses financial instruments, into a fair value hierarchy based on the valuation technique used to determine fair value.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices)
- Level 3: inputs for the assets or liability that are not based on observable market data (unobservable inputs).

The fair values of all financial assets and financial liabilities by class shown in the balance sheet are as follows:

	Fair value 2015 €000	Fair value 2014 €000
IAS 39 categories of financial instruments		
Financial assets designated as fair value through profit or loss (note 17)		
Foreign currency forwards	185	(11)
Total financial assets at fair value through profit or loss	<u>185</u>	<u>(11)</u>
Total financial assets	<u><u>185</u></u>	<u><u>(11)</u></u>

The Company enters into foreign currency forward exchange contracts to hedge the effects of adverse fluctuations in foreign currency exchange rates. Valuation of the foreign currency forward contracts is based on foreign currency exchange rates in active markets, which the Company considers a Level 2 input.

17 Forward contracts

As of December 31, 2015, the Company has 26 (2014: 14) short-term foreign currency forward exchange contracts outstanding with notional contract amount of €71,627,389 (2014: €5,144,794). The fair value of the asset/(liability) at the end of the year is €185,114 (2014: €(11,241)). All of the outstanding contracts at December 31, 2015 matured by the end of January 2016.

Notes (continued)

18 Capital and reserves

Share capital

	2015 €'000	2014 €'000
<i>Authorised</i>		
2,000,000 ordinary shares of €1.00 each	2,000	2,000
<i>Allotted, called up and fully paid</i>		
<i>Equity</i>		
120,200 ordinary shares of €1.00 each	120	120

Capital reserves

Capital reserves represent contributions of capital in the form of cash, shares in subsidiary undertakings or assets from the Company's ultimate parent, Gartner USA.

Other reserves

Other reserves represent the exchange differences resulting from the retranslation of the opening balance sheets of branches denominated in foreign currencies at closing rates, together with the differences on the translation of the income statement.

19 Operating leases

Non-cancellable operating lease rentals are payable as follows:

	2015 Land and buildings €'000	2014 Land and Buildings €'000
<i>Operating leases which expire</i>		
Less than one year	50	67
Between one and five years	269	253
More than five years	101	152
	420	472

The Company leases approximately 3,000 square feet of office space in Dublin. The lease commenced in July 2013 for a nine year term.

Notes *(continued)*

20 Related parties

The Company has availed of the exemption available in paragraph 8(k) of FRS 101 from disclosing transactions with group undertakings. Other than transactions with related group undertakings there are no related party transactions requiring disclosure.

21 Ultimate parent company and parent company of a larger group

The Company's ultimate parent undertaking is Gartner USA. The largest and smallest group in which the results of the Company and its subsidiary undertakings are consolidated is that headed by Gartner USA. The consolidated financial statements of Gartner USA are available to the public on www.investor.gartner.com and may be obtained by making written request to Investor Relations Department, Gartner, Inc., 56 Top Gallant Road, Stamford, CT 06904, U.S.A.

22 Accounting estimates and judgements

The preparation of financial statements requires the use of estimates and judgements about future events. Management develops estimates using both current and historical experience, as well as other factors, including the general economic environment and actions that may be taken in the future. Management adjusts such estimates when the facts and circumstances dictate. However, Management's estimate may involve significant uncertainties and judgements and cannot be determined with precision. In addition, these estimates are based on best judgement at a point in time and as such these estimates could be material and would be reflected in the Company's financial statements in future periods. Management's selection of the accounting policies which contain critical estimates and judgements is listed below:

- Tangible fixed assets - Impairment: Note 1 (1.3) – If there is an indication of impairment of these assets, an assessment will be undertaken to determine an estimate of the recoverable value of the asset.

23 Explanation of transition to FRS 101 from Irish GAAP

As stated in note 1, these are the Company's first financial statements prepared in accordance with FRS 101.

The accounting policies are set out in note 1 and have been applied in preparing the financial statements for the year ended 31 December 2015 and the comparative information presented in these financial statements for the year ended 31 December 2014.

In preparing its FRS 101 balance sheet, restatement of amounts reported previously in financial statements prepared in accordance with its old basis of accounting (Irish GAAP) was not required. Measurement of assets and liabilities in accordance with FRS 101 was equal to the measurement under Irish GAAP.

24 Approval of the financial statements

The board of directors approved the financial statements on 22 September 2016.
